PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
MARCH 26, 2002
INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

The enclosed proxy is solicited on behalf of the Board of Directors of Gladstone Capital Corporation, a Maryland corporation ("Gladstone" or the "Company"), for use at the Annual Meeting of Stockholders to be held on March 26, 2002, at 10:00 a.m. local time (the "Annual Meeting"), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held in the third floor conference room of the Company's principal executive office at 1616 Anderson Road, McLean, VA 22101. The Company intends to mail this proxy statement and accompanying proxy card on or about February 26, 2002 to all stockholders entitled to vote at the Annual Meeting.

SOLICITATION

The Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of Common Stock beneficially owned by others to forward to such beneficial owners. The Company may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by directors, officers or other regular employees of the Company or, at the Company's request, Georgeson Shareholder Communications Company ("Georgeson"). No additional compensation will be paid to directors, officers or other regular employees for such services, but Georgeson will be paid its customary fee, estimated to be about \$5,000, if it renders solicitation services.

VOTING RIGHTS AND OUTSTANDING SHARES

Only holders of record of Common Stock at the close of business on February 19, 2002 will be entitled to notice of and to vote at the Annual Meeting. At the close of business on January 23, 2002 the Company had outstanding and entitled to vote 10,060,178 shares of Common Stock.

Each holder of record of Common Stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions and broker non-votes are counted towards a quorum but are not counted for any purpose in determining whether a matter is approved.

REVOCABILITY OF PROXIES

Any person giving a proxy pursuant to this solicitation has the power to

revoke it at any time before it is voted, unless the proxy states that it is irrevocable and is coupled with an interest. It may be revoked by filing with the Secretary of the Company at the Company's principal executive office, 1616 Anderson Road, Suite 208, McLean, Virginia 22102, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person.

<Page>

Attendance at the meeting will not, by itself, revoke a proxy. However, no proxy is valid after eleven months from its date, unless otherwise provided in the proxy.

STOCKHOLDER PROPOSALS

The deadline for submitting a stockholder proposal for inclusion in the Company's proxy statement and form of proxy for the Company's 2003 annual meeting of stockholders pursuant to Rule 14a-8 of the Securities and Exchange Commission is October 29, 2002. Stockholders wishing to submit proposals or director nominations that are not to be included in such proxy statement and proxy must deliver notice to the Secretary at the principal executive offices of the Corporation not later than the close of business on the sixtieth day nor earlier than the close of business on the ninetieth day prior to the first anniversary of the preceding year's annual meeting. Stockholders are also advised to review the Company's Bylaws, which contain additional requirements with respect to advance notice of stockholder proposals and director nominations.

PROPOSAL 1 ELECTION OF DIRECTORS

The Company's Amended and Restated Articles of Incorporation and Bylaws provide that the Board of Directors shall be divided into three classes, each class consisting, as nearly as possible, of one-third of the total number of directors, with each class having a three-year term. In general, vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. However, if the stockholders of any class or series are entitled separately to elect one or more directors, a majority of the remaining directors elected by that class or series or the sole remaining director elected by that class or series may fill any vacancy in the directors elected by that class or series. A director elected by the Board of Directors to fill a vacancy shall be elected to hold office until the next annual meeting of stockholders or until his successor is elected and qualified.

The Board of Directors is presently composed of five members. There is one director in the class whose term of office expires in 2002. The nominee for election to this class is currently a director of the Company who was previously elected by the Company's sole stockholder prior to the Company's initial public offering. If elected at the Annual Meeting, the nominee would serve until the 2005 annual meeting and until his or her successor is elected and has qualified, or until his earlier death, resignation or removal. The nominee is not being proposed for election pursuant to any agreement or understanding between him and the Company.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the one nominee named below. In the event that the nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose. The nominee has agreed to serve if elected, and management has no reason to believe that he will be unable to serve.

Set forth below is biographical information for each person nominated, each person whose term of office as a director will continue after the Annual Meeting, and each executive officer who is not a director.

BOARD COMMITTEES AND MEETINGS

During the fiscal year ended September 30, 2001 the Board of Directors held three meetings. The Board has an audit committee, a compensation committee and an executive committee.

The audit committee operates pursuant to a written charter and makes recommendations concerning the engagement of independent public accountants, reviews with our independent public accountants the plans and results of the audit engagement, approves professional services provided by our independent public accountants, reviews the independence of our independent public accountants and reviews the adequacy of our internal accounting controls. Membership of the audit committee is comprised of Messrs. Dullum, Stelljes and Parker, each of whom is considered an independent director under the rules promulgated by the Nasdaq Stock Market. The Audit Committee did not meet during the last fiscal year.

The compensation committee determines compensation for our executive officers and administers the Company's Amended and Restated 2001 Equity Incentive Plan. Membership of the compensation committee is comprised of Messrs. Parker and Dullum, each of whom is an independent director. The compensation committee met once during the last fiscal year.

The executive committee has the authority to exercise all powers of the board of directors except for actions that must be taken by the full board of directors under the Maryland General Corporation Law, including electing the Chairman of the Board of Directors and the President. The Board of Directors may appoint not fewer than three members to the Executive Committee; currently, the membership is comprised of Messrs. Gladstone, Dullum and Stelljes. The Executive Committee did not meet during the last fiscal year.

<Page>

During the fiscal year ended September 30, 2001, each Board member attended 75% or more of the aggregate of the meetings of the Board and of the committees on which he served, held during the period for which he was a director or committee member, respectively.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS(1)

The Company's Audit Committee is comprised of Messrs. Dullum, Stelljes and Parker, each of whom is not an officer or employee of the Company. Under the applicable Nasdaq rules, all members are independent. The Board of Directors has adopted a written charter for the Audit Committee, which is included as Exhibit A to this Proxy Statement.

The Audit Committee met after the close of the fiscal year to review and discuss the audited financial statements with management and the accountants, Ernst & Young LLP. Based on these discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report of Form 10-K.

The discussions with Ernst & Young LLP also included the matters required by Statement on Auditing Standards No. 61. The Audit Committee received from Ernst & Young LLP written disclosures and the letter regarding its independence as required by Independence Standards Board Standards No. 1. This information was discussed with Ernst & Young LLP.

(1) The material in this report is not "soliciting material," is not deemed "filed" with the SEC, and is not to be incorporated by reference into any filing of the Company under the 1933 or 1934 Act.

PROPOSAL 2
RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board of Directors has selected Ernst & Young LLP as the Company's independent auditors for the fiscal year ending September 30, 2001 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. Ernst & Young LLP has audited the Company's financial statements since its inception in 2001. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of Ernst & Young LLP as the Company's independent auditors is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee and the Board in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and voting at the Annual Meeting will be required to ratify the selection of Ernst & Young LLP. For purposes of this vote abstentions and broker non-votes will not be counted for any purpose in determining whether this matter has been approved.

AUDIT FEES. During the fiscal year ended September 30, 2001, the aggregate fees billed by Ernst & Young LLP for the audit of the Company's financial statements for such fiscal year and for the review of the Company's interim financial statements was \$21,400.

<Page>

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES. During the fiscal year ended September 30, 2001, the aggregate fees billed by Ernst & Young LLP for information technology consulting fees was \$0.

ALL OTHER FEES. During the fiscal year ended September 30, 2001, the aggregate fees billed by Ernst & Young LLP for professional services other than audit and information technology consulting fees was \$105,000.

The Audit Committee has determined the rendering of the information technology consulting services and all other non-audit services by Ernst & Young LLP is compatible with maintaining the auditor's independence.

STOCK OPTION GRANTS AND EXERCISES

The Company grants options to its executive officers under its Amended and Restated 2001 Equity Incentive Plan (the "2001 Plan"). As of January 23, 2002, options to purchase a total of 663,330 shares were outstanding under the 2001 Plan, options to purchase 586,670 shares of Common Stock had already been exercised and options to purchase 250,000 shares remained available for grant thereunder.

Effective July 23, 2001, the Company adopted the 2001 Plan, for the purpose of attracting and retaining the services of executive officers, directors and other key employees. Under the 2001 Plan, the Board of Directors or compensation committee may award incentive stock options within the meaning of Section 422 of the Code, or ISOs, to employees, and nonstatutory stock options to employees, and, subject to receipt of an order from the SEC, non-employee directors. In addition, the 2001 Plan permits the granting of rights to purchase restricted stock.

The Company has authorized for issuance, to employees and directors, 1,500,000 shares of capital stock under the 2001 Plan. The share reserve consists of common stock and preferred stock. Options granted under the 2001 Plan may be exercised for a period of no more than 10 years from the date of grant. Unless sooner terminated by the Board of Directors, the 2001 Plan will terminate on June 1, 2011, and no additional awards may be made under the 2001 Plan after that date.

Options granted under the 2001 Plan entitle the optionee, upon exercise, to purchase shares of capital stock from the Company at a specified exercise price per share. ISOs must have a per share exercise price of no less than the fair market value of a share of stock on the date of the grant or, if the optionee owns or is treated as owning, under Section 424(d) of the Code, more than 10% of the total combined voting power of all classes of our stock, 110% of the fair market value of a share of stock on the date of the grant. Nonstatutory stock options granted under the 2001 Plan must have a per share exercise price of no less than the fair market value of a share of stock on the date of the grant. Options are not transferable other than by laws of descent and distribution and are generally exercisable during an optionee's lifetime only by the optionee.

The compensation committee administers the 2001 Plan and has the authority, subject to the provisions of the 2001 Plan, to determine who will receive awards under the 2001 Plan and the terms of such awards. This committee has the authority to adjust the number of shares available for options,

<Page>

the number of shares subject to outstanding options and the exercise price for options following the occurrence of events such as stock splits, dividends, distributions and recapitalizations.

Participants in the 2001 Plan may be provided with an opportunity to purchase restricted stock. These shares may be subject to a time-based vesting schedule, or the attainment of performance goals established by the compensation committee. The purchase price for restricted stock will not be less than the fair market value of the stock on the date of purchase. Upon a participant's termination of service, the Company may have the option to repurchase the unvested shares of stock at the original purchase price paid by a participant for such shares, if any. The specific terms and conditions of restricted stock purchases shall be governed by individual agreements in a form approved by the compensation committee. Restricted stock purchased under the 2001 Plan is transferable if so determined by the compensation committee in its discretion.

Upon specified corporate transactions, as defined in the 2001 Plan, all outstanding awards under the 2001 Plan may either be assumed or substituted for by the surviving entity. If the surviving entity does not assume or substitute similar awards, the awards held by the participants whose continuous service has not terminated prior to the corporate transaction will be accelerated in full and then terminated to the extent not exercised prior to the corporate transaction. With respect to any other awards which are not assumed or substituted and are held by participants whose continuous service has terminated on or prior to the corporate transaction, such awards will not be accelerated unless otherwise provided in a written agreement between the Company, or any of its affiliates, and the participant.

Upon a change in control, as defined in the 2001 Plan, awards held by participants whose continuous service has not terminated prior to the change in control shall be subject to additional acceleration of vesting, but only to the extent as provided in any written agreement between the Company, or any of its affiliates, and the participant.

The following tables show for the fiscal year ended September 30, 2001, certain information regarding options granted to, exercised by, and held at year end by the Company's three executive officers (the "Executive Officers"):

(1) The potential realizable value is based on the term of the option at the time of its grant (10 years). It is calculated by assuming that the stock price on the date of the grant appreciates at the indicated annual rate, compounded annually for the entire term of the option and that the option is exercised and sold on the last day of its term for the appreciated stock price. The amounts represent certain assumed rates of appreciation only, in accordance with the rules of the SEC, and do not reflect the Company's estimate or projection of future stock price performance. Actual gains, if any, are dependent on the actual future performance of the Company's Common Stock and no gain to the optionee is possible unless the stock price increases over the option term, which will benefit all stockholders.

Mr. Brill.....	10,000	\$0	15,000/25,000	17,100/28,500

(1) Value realized is calculated as the closing market price on the date of exercise, net of option exercise price, but before any tax liabilities or transaction costs.

(2) Unvested options vest on August 23, 2002. Shares underlying unvested options may be acquired pursuant to early exercise features of the options and are subject to a repurchase right in favor of the Company if the executive does not satisfy the option's vesting requirements. In any event, shares acquired upon an early exercise may not be disposed of until the vesting period has been satisfied.

(3) The value of unexercised options is calculated as the closing market price on September 30, 2001 less the exercise price. "In-the-money" options are those with an exercise price that is less than the closing market price on September 30, 2001.

EMPLOYMENT AGREEMENTS

In June, 2001, the Company entered into employment agreements with Messrs. Gladstone and Brubaker as executive officers of the Company. Each agreement provides for a three-year term. The initial three-year term will be extended for additional successive periods of one year, unless the Company gives three months' prior written notice of its intention to terminate the agreement without cause. Messrs. Gladstone and Brubaker each have the right to terminate their respective employment agreement at any time by giving the Company three months' prior written notice.

If the Company should terminate either Messrs. Gladstone or Brubaker's employment by reason of his disability, he would be entitled to receive, for two years, the difference between his then current base salary plus annual bonus and any long-term disability benefits. Additionally, his unvested options which would have vested within two years of the termination date would immediately vest. All vested options would expire unless exercised (and all outstanding loans resulting from the prior exercise of any options would have to be repaid) within 18 months of the termination date. If the Company should terminate either executive officer's employment for any reason other than disability or cause, he would be entitled to receive his base salary and annual bonus for a period of two years from the date of termination, although he could choose to forgo the payments and thus obtain a release from non-compete provisions applicable during this period. These payments would also be made if the senior executive officer resigned for good reason, which generally includes the Company's materially and adversely changing his responsibilities and duties or materially breaching its compensation obligations under the employment agreement. The executive officer will also receive severance if he is terminated in connection with a change of control or if he is not notified that the employment agreement will be continued upon a change in control. Mr. Gladstone's employment agreement also defines "good reason" as a determination by him of a material difference with the Company's board of directors. Additionally, any unvested stock options held by Messrs. Gladstone or Brubaker would generally vest if employment were terminated for any reason other than a disability or cause or if the executive officer resigned with good reason.

In the event that the Company should terminate Messrs. Gladstone or Brubaker's employment for cause or if either executive officer voluntarily terminates his employment for other than good reason, all unvested stock options would be forfeited and he would have no more than 90 days to exercise any

<Page>
vested but unexercised options (and to repay any outstanding loans resulting from the prior exercise of any options).

Upon termination of employment, each senior executive officer would be subject to certain non-compete covenants. In the case of Mr. Brubaker, these covenants would generally apply for two years, although should Mr. Brubaker resign for good reason, the covenants would apply for only one year following the date of resignation. The covenants applicable to Mr. Gladstone are generally shorter, although in essentially all cases Mr. Gladstone would be prohibited from competing with the Company for at least one year from the completion of the Company's initial public offering. As noted above, during periods when the executive officers are receiving severance payments from the Company, they may

terminate these covenants prohibiting competition by foregoing such severance payments.

COMPENSATION OF DIRECTORS

Each non-employee director of the Company receives a yearly retainer of \$10,000 and a per meeting fee of \$1,000 with no additional fee paid in connection with attending committee meetings. In the fiscal year ended September 30, 2001, the total compensation paid to non-employee directors was \$38,000. The members of the Board of Directors are also eligible for reimbursement for their expenses incurred in connection with attendance at Board meetings in accordance with Company policy.

Each non-employee director of the Company is eligible to receive stock option grants under the 2001 Plan. The Company has submitted an application to the SEC for the approval of option grants to its non-employee directors, as required by SEC rules governing business development companies. This application is currently pending. Upon the receipt of an order from the SEC approving such grants, each member of the Company's Board of Directors who is not an employee of the Company will be granted an option to purchase 10,000 shares of Common Stock of the Company. Moreover, each non-employee director will receive an additional grant of an option to purchase 10,000 shares of Common Stock on the date of the annual meeting of stockholders of each year. If the Company has not received an order from the SEC by the Annual Meeting, both the initial and first annual grants will be made on the date the Company receives the order.

The exercise price of options granted under the 2001 Plan is 100% of the fair market value of the Common Stock subject to the option on the date of the option grant. Each option to be issued to the Company's non-employee directors will become exercisable as to 50% of the option shares on the first anniversary of the date of the grant, and will become fully exercisable on the second anniversary of the date of the grant. The term of options granted to the non-employee directors will be ten years. In the event of a merger of the Company with or into another corporation or a consolidation, acquisition of assets or other change-in-control transaction involving the Company, each option either will continue in effect, if the Company is the surviving entity, or will be assumed or an equivalent option will be substituted by the successor corporation, if the Company is not the surviving entity. If the successor corporation does not assume the options, the vesting of each option will accelerate and the option will terminate if not exercised prior to the consummation of the transaction.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

Section 162(m) of the Internal Revenue Code (the "Code") limits the Company to a deduction for federal income tax purposes of no more than \$1 million of compensation paid to certain Executive Officers in a taxable year. Compensation above \$1 million may be deducted if it is "performance-based compensation" within the meaning of the Code.

The statute containing this law and the applicable proposed Treasury regulations offer a number of transitional exceptions to this deduction limit for pre-existing compensation plans, arrangements and binding contracts. As a result, the Compensation Committee believes that at the present time it is quite unlikely that the compensation paid to any Named Executive Officer in a taxable year which is subject to the deduction limit will exceed \$1 million. Therefore, the Compensation Committee has not yet established a policy for determining which forms of incentive compensation awarded to its Executive

<Page>
Officers shall be designed to qualify as "performance-based compensation." The Compensation Committee intends to continue to evaluate the effects of the statute and any final Treasury regulations and to comply with Code Section 162(m) in the future to the extent consistent with the best interests of the Company.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors (the "Committee") is composed of Mr. Parker and Mr. Dullum, neither of whom is currently an officer or employee of the Company. The Committee is responsible for establishing the Company's compensation programs for the Company's executives and other key employees by evaluating their performance and determining compensation policies and levels.

COMPENSATION PHILOSOPHY

The goals of the compensation program are to align compensation with business objectives and performance and to enable the Company to attract, retain and reward executive officers and other key employees who contribute to the long-term success of the Company and to motivate them to enhance long-term stockholder value. Key elements of this philosophy are:

- The Company pays competitively with leading finance companies with which the Company competes for talent. To ensure that pay is competitive, the

Company regularly compares its pay practices with these companies and sets its pay parameters based on this review.

- The Company maintains annual incentive opportunities sufficient to provide motivation to achieve specific operating goals and to generate rewards that bring total compensation to competitive levels.
- The Company provides significant equity-based incentives for executives and other key employees to ensure that they are motivated over the long-term to respond to the Company's business challenges and opportunities as owners and not just as employees.

BASE SALARY. The Committee annually reviews each executive officer's base salary. When reviewing base salaries, the Committee considers individual and corporate performance, levels of responsibility, prior experience, breadth of knowledge and competitive pay practices.

ANNUAL INCENTIVES. The Company maintains an annual incentive award program for executive officers and other key employees of the Company to earn additional annual compensation. The actual incentive award earned depends on the extent to which Company and individual performance objectives are achieved. The Committee and the full Board of Directors review and approve the annual performance objectives for the Company and individual officers. No incentive bonuses were accrued or paid for the fiscal year ending September 30, 2001.

The Company objectives consist of operating, strategic and financial goals that are considered to be critical to the Company's fundamental long-term goal--building stockholder value. For fiscal 2001, these goals were:

- completing the Company's initial public offering; and
- identifying a sufficient number of prospective investment opportunities.

After the end of the fiscal year, the Committee evaluates the degree to which the Company has met its goals and establishes a total incentive award pool. Individual awards are determined by evaluating each participant's performance against objectives and allocating a portion of the award pool based on the participant's contributions during the year. Awards are paid in cash and distributions are made in the October following the performance year.

LONG-TERM INCENTIVES. The Company's long-term incentive program consists of the 2001 Plan. The option program utilizes vesting periods to encourage key employees to continue in the employ of

<Page>
the Company. Through option grants, executives receive significant equity incentives to build long-term stockholder value. Grants are made at 100% of fair market value on the date of grant. Executives receive value from these grants only if the Company's Common Stock appreciates over the long-term. The size of option grants is determined based on competitive practices at leading companies in the finance industry and the Company's philosophy of significantly linking executive compensation with stockholder interests. In 2001 the Committee granted stock options that will vest over a one-year period to its Executive Officers. Such grants were intended to provide incentive to successfully complete the initial public offering and to maximize stockholder value over the next several years. The Committee believes this approach creates an appropriate focus on longer term objectives and promotes executive retention.

CORPORATE PERFORMANCE AND CHIEF EXECUTIVE OFFICER COMPENSATION

Mr. Gladstone's base salary for the fiscal year ended September 30, 2001 was \$200,000. He was not paid a bonus for the year. In setting this amount, the Committee took into account (i) its belief that Mr. Gladstone is one of the leading CEOs of finance companies who has significant and broad-based experience in the finance industry; (ii) the scope of Mr. Gladstone's responsibilities, especially following the Company's initial public offering; and (iii) the Board's confidence in Mr. Gladstone's ability to lead the Company's continued development. Considering these factors, Mr. Gladstone was granted options to purchase an aggregate of 800,000 shares of Common Stock as an incentive for future performance, an amount the Committee determined was consistent with competitive practices.

During the fiscal year ended September 30, 2001, the Company achieved most, but not all, of its corporate objectives. The Committee rated Mr. Gladstone's individual performance as above average.

CONCLUSION

Through the plans described above, a significant portion of the Company's compensation program and Mr. Gladstone's compensation are contingent on Company performance, and realization of benefits is closely linked to increases in long-term stockholder value. The Company remains committed to this philosophy of pay for performance, recognizing that the competitive market for talented executives and the volatility of the Company's business may result in highly variable compensation for a particular time period.
