Fourth Fiscal Quarter 2018 Highlights:

- **Portfolio Activity:** Invested \$10.1 million in existing portfolio companies. Received \$9.5 million in repayments and net proceeds from portfolio companies, including the payoff of one of our debt investments at par.
- **ATM Program:** Sold 841,548 shares of our common stock at a weighted-average price of \$9.62 per share through our at-the-market program for net proceeds of \$8.0 million.
- **Recurring Distributions and Dividends:** For each of July, August, and September 2018, paid monthly distributions to common stockholders (\$0.07 per common share) and monthly dividends to preferred stockholders (\$0.125 per share of the Company’s 6.00% Series 2024 Term Preferred Stock).

Fourth Fiscal Quarter 2018 Results:

Interest income decreased by \$0.6 million, or 5.1%, primarily due to one investment being placed on non-accrual during the quarter. Other income decreased by \$0.5 million, or 57.2%, quarter over quarter due to a decrease in success fees and prepayment fees, which we received in the prior quarter associated with the payoff of one of our investments. Total expenses decreased by \$1.0 million, or 16.1%, primarily due to a decrease in net incentive fees quarter over quarter.

Net Investment Income for the quarter ended September 30, 2018 was \$5.9 million, or \$0.21 per share, a decrease of 1.6% as compared to the prior quarter.

The Net Decrease in Net Assets Resulting from Operations for the quarter ended September 30, 2018 was \$9.9 million, or \$0.35 per share, compared to the Net Increase in Net Assets Resulting from Operations for the quarter ended June 30, 2018 of \$12.1 million, or \$0.45 per share. The decrease was driven primarily by unrealized depreciation recognized on the investment that was placed on non-accrual during the quarter.

Fiscal Year Ended 2018 Results:

Total investment income increased by 16.2% during the fiscal year ended September 30, 2018, compared to the prior year, due to an increase in interest income, partially offset by a decrease in other income. Interest income increased by \$6.9 million, or 18.6%, due to an increase in the average investment portfolio balance as well as an increase in the weighted average yield year over year. Other income decreased by \$0.5 million primarily due to a decline in success fees recognized compared to the prior year, as there were lower repayments in the current year. Total expenses increased 26.4% year over year, primarily due to a \$2.9 million increase in our net base management and incentive fees and a \$2.8 million increase in our interest expense on borrowings.

Net Investment Income for the years ended September 30, 2018 and 2017, was \$23.1 million, or \$0.85 per share, and \$21.4 million, or \$0.84 per share, respectively.

Net Increase in Net Assets Resulting from Operations for the years ended September 30, 2018 and 2017, was \$18.6 million, or \$0.69 per share, compared to \$17.2 million, or \$0.67 per share, respectively. The year over year change was driven by the increase in net investment income compared to the prior year.

Subsequent Events: Subsequent to September 30, 2018, the following significant events occurred:

- **Debt offering:** In November 2018, we completed a public debt offering of \$57.5 million aggregate principal amount of 6.125% Notes due 2023 (the “2023 Notes”), inclusive of the over-allotment, for net proceeds of \$55.5 million, after deducting underwriting discounts, commissions and offering expenses borne by us. The Notes will mature on November 1, 2023, and may be redeemed in whole or in part at any time or from time to time at the Company’s option on or after November 1, 2020. The 2023 Notes are traded under the ticker symbol “GLADD” on the Nasdaq Global Select Market.
- **Portfolio Activity:** We closed on two syndicated investments totaling \$3.6 million and received prepayments on two investments of \$5.1 million in the aggregate.
- **Distributions and Dividends Declared:** In October 2018, our Board of Directors declared the following monthly distributions to common stockholders and monthly dividends to preferred shareholders:

Record Date	Payment Date	Distribution per Common Share	Distribution per Series 2024 Term Preferred Share
October 19, 2018	October 31, 2018	\$ 0.07	\$ 0.125
November 20, 2018	November 30, 2018	0.07	0.125
December 20, 2018	December 31, 2018	0.07	0.125
	Total for the Quarter	\$ 0.21	\$ 0.375

Comments from Gladstone Capital’s President, Bob Marcotte: “Fiscal year 2018 results were driven by a strong 18.6% increase in interest income as our higher average investment portfolio more than offset lower fee income and spread compression associated with the more competitive lending market conditions over the past year. We ended last year with a strong capital base and a record backlog of investment opportunities which position us well to enhance returns to our shareholders in the coming quarters.”
